Athlii Gwaii Legacy Trust (AGLT) Report for the Fiscal Year Ended Dec 31st 2018

Pursuant to Sections 2(11) and 36(b) of the Deed of Trust settled as of March 29, 2007 (the “Trust Deed”)

Preamble:

The audited statement of the financial position of the Trust as of December 31st, 2018 can be found under the heading, “AGLT 2018 Financial Statement” on the Trust’s website at: <http://www.aglt.ca>

Over the course of the fiscal year ending December 31st, 2018 (“Fiscal 2018”), the only withdrawals of funds from the Trust’s investment fund (the “Fund”) were expenditures solely for the accumulation of investment income by the Fund, the paying of monthly reoccurring operational expenses related to the accumulation of that income, extraordinary legal expenses in the on-going resettlement of this Trust agreement, and the partial funding of a lone project approved over a year ago. (See Financial Results, Expenses below).

As discussed in previous Operations Reports, the federal and provincial governments have confirmed their intentions to support the transfer of the AGLT to a standalone program under the Gwaii Trust Society (GTS). In the latest round of negotiations all parties: (Brad Stennes representing the Ministry of Natural Resources Canada (NRCAN); Chris Lee representing the Ministry of Environment Climate Change Canada (ECCC) – lead agency for the Federal Government; & Peter Wyatt, representing the Province of BC Ministry Forests Lands and Natural Resources (FLNRO) & Errol Winter representing the interests of Athlii Gwaii Legacy Trust and Gwaii Trust Society) have concurred that the transfer of AGLT to GTS is the simplest most cost effective method to achieve resolution. The process remaining is for Canada’s lead – ECCC to official sign-off with or without any conditions, then the Province would create legislature enacting the transfer. The transfer process is relatively straight forward; since the plan for the transfer of the AGLT fund from AGLT to GTS, does not relate to any of the provisions within the Trust Deed, the view is that BC holds absolute constitutional jurisdiction over property and civil rights in BC (including all trusts set up in BC), and with the agreement of Canada, pursuant to the Canadian law of trusts, the BC legislature will pass BC legislation that covers three steps (As interpreted by Dr. Donovan Waters, Canada’s leading trust law expert.) These three steps will provide the statutory authority to:

- a) Wind up the affairs of AGLT (e.g. honour all AGLT’s obligations including paying all debts);
- b) Transfer the remaining assets of AGLT to GTS; and
- c) Terminate the trust under which AGLT exists.

Once we have received written confirmation from ECCC and have a Trustee/Board resolution approved accepting any conditions, the Trustees will develop a draft business plan for presentation and begin holding public consultations seeking local community input before finalization and eventual implementation.

This new direction would not change the initial tenets of AGLT whose original purpose it was to support economic opportunity in replacing the 365 full time equivalent forestry jobs that were lost with the reduction of timber stock supporting the transfer of 300,000 cubic meters of working forest to parklands. (For the current purposes of GTS see Appendix A)

After public consultation has been completed the AGLT program will begin granting within the community.

Granting and expense guidelines will continue to mirror those of the Gwaii Trust Society on a proportional basis, with total expenses restricted to a maximum of 4.0% of assets under administration. However, as the fund has been dormant for many years there has been a significant accrual of income that will result in the Trustees exceeding the 4% maximum until the fund's buffer¹ falls to an amount appropriate to sustain expected returns necessary of a perpetual fund.² Today's buffer sits at approximately 36% of the funds under administration.

Projects:

A. Summary and explanation of practices used in review, evaluation and approval of Eligible Projects in the fiscal year ended December 31, 2018.

No call for projects was put out in fiscal 2018, the Trustees are awaiting for approved legislation to be enacted by the Provincial Government to allow for the collapse of the original entity into the Gwaii Trust Society.

B. Full Listing of all Eligible Projects for which funding by the Trust was funded in the fiscal year ended December 31, 2018.

¹ The term "buffer relates to the difference between the protected amount of the fund and the actual market value of the fund

² Fund managers and actuarial experts believe that in order to minimize the risk of capital depletion, in today's market environment, annual drawdowns should hover around 3.5% of assets under administration.

There were no further projects awarded or expenditures on the sole outstanding project by the Secretariat of the Haida Nation for the compilation of a hard cover book “30th Anniversary of the Stand at Athlii Gwaii”, the original amount awarded was \$63,240.00; over the course of the 2018 fiscal year no additional funds were disbursed of the approved amount leaving an outstanding balance of \$39,915.00 yet to be funded. We anticipate that this project’s balance would be fully funded during the beginning of the first quarter of fiscal 2019.

Summary and explanation of the Trust’s Statement of Financial Position in fiscal 2018; material changes and points of note.

Financial Results:

Expenses - The Trust continued to carry only one small project, with no additional funds of the project being disbursed in fiscal 2018. Expenses were on budget, with the Fund’s only expense items being those necessary to maintain the Fund’s ongoing investments and audit/accounting processes, and extraordinary legal expenses in the on-going resettlement of this Trust agreement. The Trustees continue to broach the subject of reimbursement of costs, however the Province has not been forthcoming with current support for those discussions as of this writing. We will endeavour to continue to pursue these conversations more vigorously once all terms have been settled and legislation cleared.

Income – While the fund earned in excess of \$3 million during fiscal 2018 markets negated \$4 million leaving the fund down a net of \$1 million at year end.

Annual fund gross returns before expenses and fees:

Fund	2018 Annual Return	% of year end portfolio
PHN	- 0.68%	48.81%
Templeton	-7.78%	15.58%
Nicola	2.73%	35.60%
Total (Weighted)	-0.87%	100.0%

Minimal fund withdrawals continued to play a role in the funds continued growth, while the well balanced portfolio offset the many market fluctuations in 2018.

The Statement of Investment Policies and Procedures (the “SIPP”) remains unchanged from the previous revision, and a new copy of those changes is signed off by the Trustees with an effective date of Jan 01st 2019, and may be found on the Trust’s website.

Summary and explanation of the investment strategy of AGLT in fiscal 2018 and any material changes in the investment of the property of the Trust.

Statement of Investment Policies and Procedures (SIPP) had no additional amendments in fiscal 2018.

The following table sets out the respective weightings of asset classes in the Trust's portfolio of assets as at the end of calendar 2018(Dec 31st 2018):

Asset Class	As a % of Portfolio	SIPP Range
Canadian Equities	17%	15 – 25%
International Equities	37%	28 – 48%
Total Equities	54%	43 – 73%
Real Return Bonds	13%	05 – 20%
Federal Bonds	04%	
Provincial & Municipal Bonds	05%	
Corporate Bonds	06%	
Total Nominal Bonds	16%	12 – 22%
High Yield Bonds	00%	00 – 10%
Global Bonds	00%	00 - 05%
Total Bonds	29%	17 – 57%
Mortgage Fund	01%
